Open Insurance & Medicare Answers

It is very important that you review your medical insurance information each year. Even if you are satisfied with your current plan, you should check if there is another plan in your area that offers better coverage at a lower price.

Last year many seniors found that one company's enhanced plan provided better coverage for less money than its basic plan. Those who reviewed their coverage saved money.

Now is the time to look at your health insurance plan and meet with George, our insurance counselor. He is here to aid you in your selection process.
