

Golden Valley Construction NEWS

Gas Main Installation Complete In All Areas; Storm Sewer Work Under Way In Area 1

CenterPoint Energy crews have completed gas service installation in Area 2 and will begin work in Area 3 the week of May 24.

If you have questions about gas main relocation and restoration work, contact CenterPoint Energy at 612-321-5369. Please call between 8 am and 4 pm and reference Project Number 53435871.

During the past two weeks in Area 1, Northwest Asphalt crews have completed storm sewer installation on Westchester Circle and the north end of Edgewood Ave. They have also completed subgrade correction on Westchester Circle from the Hwy 55 Frontage Rd to Edgewood Ave.

Northwest Asphalt, the City's contractor, is asking residents to please leave all utility location stakes (flags and wood lath marking underground utilities) in place until after the project has been completed.

Work scheduled for the next two weeks includes sanitary sewer replacement and storm sewer installation on the south end of Edgewood Ave, which should take about a week to complete.

Subgrade correction will continue on Westchester Circle from east to west and will take approximately eight days to complete. Crews will then move to Georgia Ave to start subgrade correction.

Depending on the weather and progress made by Northwest Asphalt, crews plan to start utility construction in Area 2 the beginning of June. Residents in Area 2 who have irrigation systems, invisible fences, and perennial flowers in the City rights-of-way need to move them now to avoid any damage from the construction (see article on page 2).

Construction in Area 3 (see project list on page 2) will occur later this summer. Watch future construction newsletters for information when work will begin on your street.

Residents living in each construction area should check their doors daily for specific information regarding work in each area. City staff is available to address any questions or concerns you have (see Who to Call).

New This Week

CenterPoint Energy completed gas service installation in Area 2; utility street subgrade work continues in Area 1.

Coming Up

Area 2 utility work scheduled to start in early June. CenterPoint Energy will begin Area 3 gas service installation May 24.

Schedules May Change On Short Notice

Weather, delays by subcontractors, or other unforeseen events can cause schedule changes. The contractor makes every effort to notify residents as soon as possible.

Check Doors For Notices

The contractor will routinely notify you about upcoming work, particularly if the work will make your driveway inaccessible for most or part of a day (you will be able to get back into your driveway each evening). Please check all of the doors around your house for written notices of upcoming work.

Construction Questions

At the construction site, please direct all project-related questions to City staff. For other questions, call Public Works at 763-593-8030.

If you would prefer to have Construction News emailed to you, contact Pat Schutrop at 763-593-3987 or pschutrop@ci.golden-valley.mn.us to get on the list.

Area 2 Residents: Return Driveway Agreements By June 1; Driveway Deadline Passes For Area 1

If your driveway connects with one of the reconstructed streets and a portion of it will be removed to properly perform construction, you may take part in the City's driveway program (see article on page 2). **Area 2 residents participating in the program need to return signed driveway agreements by June 1. Call Public Works at 763-593-8030. The deadline for Area 1 residents has passed.**

Who To Call (When calling, please identify your construction area.)

City of Golden Valley

Brian Dahlberg, Engineering Technician • 763-593-8112 • bdahlberg@ci.golden-valley.mn.us
 Jeff Oliver, City Engineer • 763-593-8034 • joliver@ci.golden-valley.mn.us
 Al Lundstrom, Environmental Coordinator • 763-593-8046 • alundstrom@ci.golden-valley.mn.us
 Mike Meehan, Police Operations Commander • 763-593-8070 • mmeehan@ci.golden-valley.mn.us
 Jeannine Clancy, Director of Public Works • 763-593-8035 • jclancy@ci.golden-valley.mn.us

CenterPoint Energy

Customer Service Office • 612-321-5369

Special Needs?

The contractor will work with residents needing access for wheelchairs, Metro Mobility rides, etc. Call Public Works at 763-593-8030.

After-Hour Emergencies

Call the Golden Valley Public Safety Department at 763-593-8079 to report problems that require immediate assistance by the City (flooded street, disruption to water service, sanitary sewer back-up, etc). Your message will be relayed to on-call Public Works personnel.

Project List

Area 1 Streets

- Edgewood Ave N (Glenwood Ave to Westchester Circle)
- Georgia Ave N (Glenwood Ave to Westchester Circle)
- Westchester Circle (Olson Memorial Frontage Rd to Glenwood Ave)

Area 2 Streets

- Cutacross Rd (Meander Rd to Ski Hill Rd)
- Meander Rd (Glenwood Ave to Cutacross Rd)
- Paisley Lane (Glenwood Ave to Cutacross Rd)
- Pomander Walk (Paisley Lane to cul-de-sac)
- Ski Hill Rd (Paisley Lane to cul-de-sac)
- Windy Draw (Ski Hill Rd to cul-de-sac)

Area 3 Streets

- Harold Ave (Idaho Ave N to cul-de-sac)
- Idaho Ave N (cul-de-sac to Olson Memorial Frontage Rd)
- Kingston Circle (Idaho Ave N to cul-de-sac)
- Olson Memorial Frontage Rd (Douglas Dr to Glenwood Ave)

RECYCLING UPDATE

Recycling should be picked up as scheduled. Please continue to have your recycling curbside by 7 am on Fridays. The recycling contractor (Waste Management) will collect recycling in street reconstruction areas on schedule. Please continue to report all missed pick-ups to Waste Management at 952-890-1100. If you feel you are not getting optimum service, call the City's Environmental Coordinator at 763-593-8046.

Area 2 Residents: Please Move Irrigation Systems, Invisible Fencing Now

Many homeowners have installed irrigation systems and/or invisible fencing adjacent to the street. Because these private irrigation and fence systems are within City street right-of-way (ROW), they are in the path of the reconstruction project and must be moved.

To avoid spending tax dollars to relocate private irrigation and fence systems, homeowners are responsible for temporarily moving or relocating their own systems. This work should be taken care of before crews start working on your street. The Public Works staff suggests that you remove sprinkler heads and plug lines that are located within 15 feet of the existing street and pull the pipe ends up so they can be easily seen. You will still be responsible for repairing any irrigation or fencing systems you have placed in the ROW, but these suggestions will minimize costs for replacing the systems later on.

If you'd like help figuring how far you need to move your irrigation or fence system, contact Public Works at 763-593-8030. A staff member will be happy to help.

SAFETY NOTICE

The contractor will not allow any resident to come within 25 feet of an excavation zone or into the right-of-way area while equipment, trucks, or any other moving apparatus is in operation. This policy is for the safety of the residents, subcontractors, and employees of both the City and the contractor.

Area 2 And 3 Residents May Still Request Driveway Estimates

If your driveway connects with one of the reconstructed streets and a portion of it will be removed to properly perform construction, you may take part in the City's driveway program. The City of Golden Valley pays to replace that portion of your driveway with the same material that was removed. But you have the opportunity to reconstruct the rest of your driveway (blacktop or concrete) as part of the project at the same prices paid by the City, plus an administrative fee. If you choose to do this, you can pay in cash after construction to avoid interest, or you can have the costs assessed against your property for 10 years.

If you live on one of the Area 2 or 3 streets (see project list at left), call Public Works (763-593-8030) now to request a driveway estimate.

This document is available in alternate formats upon a 72-hour request. Please call 763-593-8006 (TTY: 763-593-3968) to make a request. Examples of alternate formats may include large print, electronic, Braille, audiocassette, etc.
