

## New This Week

Curb and Gutter installation on King Hill and King Creek

## Construction Area

**Full Reconstruction:** Circle Down, Turners Crossroad, King Creek Rd, King Hill Rd, Harold Ave, Rhode Island Ave, Welcome Ave, Phoenix St

**Mill and Overlay:** Welcome Cir

2012 PAVEMENT MANAGEMENT PROGRAM ○ JUNE 1, 2012

## Subcut Completed, Utility Work And Relocation Ongoing

In the last two weeks crews completed the subcut on King Hill Rd and King Creek Rd and installed curb and gutter (see article).

On Circle Down, utility work, including force main and water service connections, started and will continue for a few weeks.

Private utility companies (Centerpoint, CenturyLink, Comcast, Xcel) have begun relocation work on Harold Ave and Rhode Island Ave prior to the City's project starting in July. The relocation work may last up until the City's project begins. ○

## Why Install Curb And Gutter?

Concrete curb and gutter provides superior drainage as well as a structural edge to support the roadway—two key advantages over rolled bituminous curbs or no curb at all.

Moisture collecting on the street and in its subgrade is a primary cause of premature street failure. Concrete curb and gutter:

- collects water and transports it to storm pipes, providing superior drainage following rainfall and snow melt. Without curb and gutter, the water would go into the roadside subgrade or run along the boulevard.
- helps the contractor control the street grade to reduce the formation of low spots ("bird baths") along the edge of the road.
- helps collect sediment from the street (eg, sand) that can later be cleaned up

through routine street sweeping. Such maintenance efforts help improve the quality of water that runs off the streets and into Golden Valley's streams and ponds.

Without the structural support provided by curb and gutter, pavement distress (settlements, edge cracking, and alligator cracking) will appear along the edge of a roadway much sooner, ultimately resulting in the premature failure of the street and increased maintenance costs.

Golden Valley is committed to building and maintaining quality streets. In general, concrete curb and gutter will extend the life of a new street by approximately 25 percent and will significantly reduce long-term maintenance costs.

## Deadlines For Driveway Estimates

If you're interested in receiving an estimate to replace your driveway as part of the City's street reconstruction project, call Public Works (763-593-8030).

**The deadline has passed for residents on Welcome Ave and Phoenix St to request estimates.**

**No deadline has been set yet for homes on Rhode Island Ave and Harold Ave.**

If you are interested in receiving an estimate to replace your driveway as part of the reconstruction project, please call Public Works at 763-593-8030.

## Please Heed Parking Guidelines

To provide easier access for emergency vehicles, trash trucks, delivery vehicles, and construction equipment, please park all vehicles in your driveway whenever possible (unless directed otherwise, such as when curb and gutter has been installed in front of your driveway). This includes during overnight and weekend non-construction hours.

If you, or visitors to your home, need to park on the street, please park on one side only. Before parking, look for other vehicles already parked on the street and park on the same side. Also, make sure to check for construction "no parking" signs that may be posted.

Your help keeping the streets as clear as possible will make it easier for large construction vehicles to operate on the streets. It will also ensure that emergency vehicles have unhindered access to all the homes in the construction area.

# Want More Info?

Remember seeing an interesting article in an old edition of *Construction News*, but can't remember where the paper copy is?

Published editions of *Construction News* are available anytime online at [www.goldenvalleymn.gov/streets/pmp/property-owners.php](http://www.goldenvalleymn.gov/streets/pmp/property-owners.php).

If you want to learn more about the construction process, the City website also defines construction terms, answers frequently asked questions, and provides helpful coping tips. Go to [www.goldenvalleymn.gov/streets/pmp/tips-answers.php](http://www.goldenvalleymn.gov/streets/pmp/tips-answers.php).

**SCHEDULES MAY CHANGE ON SHORT NOTICE** Weather, delays by subcontractors, or other unforeseen events can cause schedule changes. The contractor makes an effort to notify residents as soon as possible.

**CHECK DOORS FOR NOTICES** The contractor will routinely notify you about upcoming work, particularly if the work will make your driveway inaccessible for most or part of a day (you will be able to get back into your driveway each evening). Please check all of the doors around your house for written notices of upcoming work.

**CONSTRUCTION QUESTIONS** At the construction site, please direct all project-related questions to City staff. For other questions, call Public Works at 763-593-8030. **If you would prefer to have Construction News emailed to you, contact Pat Schutrop at 763-593-3987 or [pschutrop@goldenvalleymn.gov](mailto:pschutrop@goldenvalleymn.gov) to get on the list.**

**RECYCLING** Recycling should be picked up as scheduled. Please continue to have your recycling curbside by 7 am on Fridays of your service week. The recycling contractor will collect recycling in street reconstruction areas on schedule. Please continue to report all missed pick-ups to Allied Waste at 952-941-5174.

## CONTACT US (When calling, please provide your address.)

### City of Golden Valley

Mark Ray, Engineering Technician • 763-593-3960 • [mray@goldenvalleymn.gov](mailto:mray@goldenvalleymn.gov)  
Brian Dahlberg, Engineering Technician • 763-593-8112 • [bdahlberg@goldenvalleymn.gov](mailto:bdahlberg@goldenvalleymn.gov)  
Jeff Oliver, City Engineer • 763-593-8034 • [joliver@goldenvalleymn.gov](mailto:joliver@goldenvalleymn.gov)  
Al Lundstrom, City Forester • 763-593-8046 • [alundstrom@goldenvalleymn.gov](mailto:alundstrom@goldenvalleymn.gov)  
Jeannine Clancy, Director of Public Works • 763-593-8035 • [jclancy@goldenvalleymn.gov](mailto:jclancy@goldenvalleymn.gov)

### CenterPoint Energy

Customer Service Office • 612-321-5369

### Special Needs?

The contractor will work with residents needing access for wheelchairs, Metro Mobility rides, etc. Call Public Works at 763-593-8030.

### AFTER-HOUR EMERGENCIES

Call the Golden Valley Police Department at 763-593-8079 to report problems that require immediate assistance by the City (flooded street, disruption to water service, sanitary sewer back-up, etc). Your message will be relayed to on-call Public Works personnel.

## PROJECT NEWSLETTERS

During construction, *Construction News* will be printed biweekly. The newsletter will include updates on construction scheduling, phone numbers of contact persons, and other information that may be useful to you. **To get this newsletter by email, contact us at 763-593-3987 or [pschutrop@goldenvalleymn.gov](mailto:pschutrop@goldenvalleymn.gov).**

## TIPS & ANSWERS [www.goldenvalleymn.gov/streets/pmp/](http://www.goldenvalleymn.gov/streets/pmp/)

If you're wondering about various construction practices, or if you're looking for information about things like taking care of your new driveway or sod, go to the City website and check out the PMPs Tips & Answers page. If you don't find answers there, contact Public Works at 763-593-8030.

This document is available in alternate formats upon a 72-hour request. Please call 763-593-8006 (TTY: 763-593-3968) to make a request. Examples of alternate formats may include large print, electronic, Braille, audiocassette, etc.
