Subject: Notice of New Construction Project and Road Closures

Dear Golden Valley Resident,

I hope this letter finds you well. I am writing to inform you about an upcoming construction project that will be taking place in your neighborhood, and in particular some upcoming road closures and related detours related to the project.

Project Details:

- **Project Name:** Sentinel Apartments
- **Location:** 640 Wisconsin Ave N
- **Start Date:** 6/24/2024.
- **Duration:** We estimate the completion of this project to take place in the Spring of 2026.
- **Nature of Work:** This project will comprise the demolition of existing structures, the erection of a 6-story concrete parking ramp, followed by the construction of a wood-framed multi-family apartment building surrounding the parking ramp.

Road Closures and Traffic Impacts:

In order to complete necessary utility work within the roads surrounding the project site, there will be temporary road closures and traffic diversions in the vicinity of the project. These closures are necessary to ensure the safety of both workers and the public. We apologize for any inconvenience this may cause and assure you that we will make every effort to minimize disruption to your daily routine.

Notable Upcoming Road & Sidewalk Closures:

- Golden Valley Road: Closed **Monday, July 8th through Friday, August 2nd**
- Golden Valley Drive: **Closed Monday, July 29th through Friday, August 23rd**
- Sidewalks along Golden Valley Road and Golden Valley Drive will be closed for the duration of the project.
- See attached project site plan showing projected closures and detour routes.

Safety Measures: Our team will implement all necessary safety measures as per local regulations to ensure the safety of pedestrians and motorists during the construction period. Please follow the posted street signage for an alternate route to your destination

Contact Us: Should you have any questions or concerns regarding the project or the road closures, please do not hesitate to contact us, at [612-332-9050](tel:612-332-9050) or midwestfrontdesk@big-d.com. We are committed to keeping open lines of communication throughout the project.

We appreciate your understanding and cooperation during this construction period. We will strive to complete the project efficiently and with minimal disruption to your neighborhood.

Thank you for your attention to this matter. We look forward to your continued support as we work to enhance our community.

Sincerely,

TYLER STENZEL
PROJECT MANAGER

OPERATIONS

- | | | |
|---|---|--|
| <p>8) Permit on Job: Permits or copies shall be kept on the site of the work while it is in progress in the custody of the individual in charge and shall be exhibited upon request made by any City official.</p> <p>9) Provisions and Specifications: These general provisions and specifications shall be considered as forming an integral part of each and every permit issued for operations on city roads. The work authorized by this permit shall be done at such time and in such manner as shall be consistent with the safety of the public and shall conform to all requirements and standards of the City of Golden Valley as herein specified. If at any time it shall be found by the City of Golden Valley that the work is not being or has not been properly performed, the permittee, upon being notified, shall immediately take the necessary steps, at their own expense, to place the work in condition to conform to said requirements or standards.</p> <p>10) Annulment: In the event of willful failure or neglect by said permittee or their employees to perform and comply with the prescribed conditions, restrictions, and regulations, Golden Valley Public Works may revoke and annul this permit and order said permittee to remove any and all structures or property belonging to said permittee from the legal limits of the highway or City property. In the event the permittee leaves the highway in a condition needing repair or construction, the Golden Valley Public Works may repair such highway and the costs of such repair or construction shall be paid by the permittee.</p> <p>11) Execution: The permittee shall use diligence in the execution of the work authorized under this permit in order not to endanger or unnecessarily obstruct travel along the said roadway. Operations shall be so conducted at all times as</p> | <p>to permit safe and reasonably free travel over the roads within the limits of the work herein prescribed. All safety measures for the free movement of traffic shall be provided by the permittee at their own cost.</p> <p>12) Conformity to Laws: The installation shall be made in conformity with all applicable laws, regulations, and codes covering said installations. All installations shall be made in conformity with regulations of governmental agencies for the protection of the public.</p> <p>13) Removal: If at any time the permitted structure or facility shall fall from any cause whatsoever, the permittee shall have the same removed or repaired within 48 hours after receipt of written notice to do so, unless by reason of some extraordinary happening the City of Golden Valley may extend such time limits.</p> <p>14) Existing Facilities: Applicant must protect all existing installations.</p> <p>15) Private Property: The Permit as issued does not in any way imply an easement on private property.</p> <p>16) Damage to Roadway: If pavement or roadway is damaged, same shall be restored to its original or better condition, at the sole expense of the permittee, according to the specifications and directions of the City of Golden Valley.</p> <p>17) Quality of Work: Finished surface, base, and sub-base of road upon completion of work shall be equal to or better than specifications for original road.</p> <p>18) Cutting Trees: The permission herein granted does not confer upon the permittee the right to cut, remove, or destroy trees or shrubbery within the legal limits of the roadway or relieve permittee from obtaining any consent otherwise required from the owner of the property adjacent thereto.</p> | <p>19) Boring or Jacking: Installation of pipe under roadways shall be jacked or bored as designated by Golden Valley Public Works.</p> <p>20) Liner or Casing Pipe: Shall be required for installations exceeding 4 inches in diameter.</p> <p>21) Pressure Grouting: Shall be required as designated by Golden Valley Public Works.</p> <p>22) Drainage: All waterways and lines of drainage shall remain operative.</p> <p>23) Pole Anchors: No pole anchors, anchors, braces, or other construction shall be placed on right-of-way except by permit authorization.</p> <p>24) Driving Limitations: It is prohibited to drive onto roadway from ditch or on shoulders or over curbs where damage will occur.</p> <p>25) Lugs on Equipment: No lugs shall be used on equipment traversing road, which will damage the road surface.</p> <p>26) Clean-up: Street surface and roadside shall be kept clean, neat, and presentable throughout construction as determined by Golden Valley Public Works.</p> <p>27) Dust Control/Street Sweeping: Shall be provided, at no cost to the City, upon request of Golden Valley Public Works.</p> <p>28) Trees and Vegetation: Burning or disking operations and/or the use of chemicals to control or kill trees, brush, and other vegetation is prohibited without advance approval from the City.</p> <p>29) Restoration: It shall be further understood that the permittee will be responsible for maintenance of any failures due to settlement, erosion, lack of vegetation growth, rutting, or other job-related problems for three years after completion of project and Notice of Completion of work has been received by the City of Golden Valley.</p> <p>30) Manholes: All manholes, shut-off valve covers, etc, shall be placed 1/2 inch lower than finished grade.</p> |

DATA PRACTICES ADVISORY
TENNESSEN WARNING – PERMITS AND LICENSES

You are being asked to answer questions and provide information pursuant to a permit or license application process that is required by Minnesota state law or the Golden Valley City Code. The purpose and intended use of the requested data is to verify that you meet the requirements of the state statutes and city code provisions and, if the permit or license is approved, to verify that all required data remains current.

Some of the information you provide on this application is considered private data under the Minnesota Government Data Practices Act (the "Act"). This information will be used by the City and its agents involved in the review of this application. You are not required by state law or City Code to answer questions or provide the information requested. However, a refusal to answer questions or provide the information requested will prevent the City from processing the permit or license for which you are applying.

The following data collected, created, or maintained is classified under the Act as public data once a license has been approved (Minn. Stat. § 13.41, subd. 5):

1. Data submitted by applicants (including name, email, telephone numbers, and addresses).
2. Orders for hearing, findings of fact, conclusions of law, and specification of any final disciplinary action.
3. Entire record concerning any disciplinary proceeding.
4. License numbers and status.

The following data collected, created, or maintained is classified under the Act as private or confidential data (Minn. Stat. § 13.41, subd. 2; Minn. Stat. § 13.37, subd. 1):

1. Active investigative data relating to complaints against any license.
2. The identity of complainants who have made reports concerning licenses or applicants which appear in inactive complaint data unless the complainant consents to disclosure.
3. The information related to unsubstantiated complaints when it is not maintained in anticipation of legal action.
4. Inactive investigative data relating to violations of statutes or rules.
5. Record of disciplinary proceedings, except as limited by the provisions above.
6. Trade secrets, as defined under Minnesota law.
7. Sensitive security and safety information.

The City of Golden Valley may make any private or confidential data accessible to an appropriate person or agency if the City determines that failure to make the data accessible is likely to create a clear and present danger to public health or safety. Building plans that contain security information will not be given to the public and will be provided only to the permit applicant or others as authorized by the permit applicant, and to government officials who have a need to review them. Other building plans are available to anyone.

Certification: I have read and certify the information in this application is true and correct. I further understand that the giving of false information in this form and/or the failure to give requested information may be cause for immediate revocation of any and all licenses and/or permits issued hereunder. I understand the above information regarding my rights as a subject of government data and applicant for a license or permit from the City of Golden Valley.

Note: Proper signature is required. If a corporation owns the establishment, an officer of the corporation must sign below; if a partnership, the managing partner; if an individual, the owner.
