

BUILDING AN EQUITABLE GOLDEN VALLEY

presents

Neighbors & Friends That Live/Thrive With Disabilities

Thursday, March 20 | 6–7:30 pm

WorkAbilities Inc, 7400 Laurel Ave, Golden Valley 55426

Our panel of speakers is made up of service providers from local non-profits who have "hands on" experience working with a wide variety of people. Learn about our neighbors who live and thrive with disabilities – how they contribute to our rich and diverse community, and how you can support/engage them as a neighbor.

Panelists are from:

- **WorkAbilities** (provides vocational programming for adults)
- **Meridian Services** (offers multiple services, including group home support for people of all ages)
- **Franklin Center** (a school for children and young adults with neurodiversity)

A light meal will be served. The panel presentation will be followed by an open question and discussion session.
