Missing From Fire Trail Road A Documentary On Loss, Resilience, & Renewal In Our Indigenous Communities

Thursday, May 15 | 5:30–7 pm

Breck School, 123 Ottawa Ave N, Golden Valley 55422

Join us for a powerful evening of learning, reflection, and conversation as we watch *Missing From Fire Trail Road*, a documentary that sheds light on the disappearance of Mary Ellen Johnson Davis from the Tulalip Reservation in 2020.

Through this film and our discussion we will explore:

- the historical and legal barriers impacting justice for Indigenous women
- the dual status of Native American people as part of sovereign nations and the United States
- the resilience and renewal of Native cultural, social, and political identities
- the ongoing injustices that continue to affect Native American lives today
