*The FBI has mandated that all law enforcement agencies across the country make the transition to NIBRS (National Incident-Based Reporting System) to improve the overall quality, accuracy and timeliness of crime data collected. GVPD moved to NIBRS reporting in September of 2020. NIBRS reporting is a way of categorizing or organizing the crimes committed and allows for better collection of more detailed crime-related information, helps give context to specific crime issues and affords greater analytic flexibility of the crime data collected.*
