

# REQUIREMENTS FOR LEAVING A WELL AT DEMOLITION

- The well must be:
  - located outside of the house
  - operational
  - 12 inches above grade
  - a minimum of 3 feet from the building, which includes any overhangs, decks, driveways, etc
  - 10 feet from any gas line or electric service
  - 50 feet from any untested sewer or 20 feet from a tested sewer line
- There must be a backflow preventer.
- There is no variance from these requirements if City water is available.
- A survey will be required to locate the well and to verify all the required clearances.
