

Load Limit Waiver Application

The Minnesota Department of Transportation sets the dates for spring load restrictions. Information on starting/ending dates can be obtained at 651-366-5400 or www.mrr.dot.state.mn.us.

During spring load restrictions, no vehicle shall be operated on City streets (except by a load limit waiver) when the gross weight of any single axle exceeds 12,000 pounds (six tons per axle).

Approval of a load limit waiver allows for a maximum load of seven tons per axle.

A load limit waiver is **valid for only one load per project per season**. Any other use of this waiver, or any deviation from the information on this waiver, is a misdemeanor.

This application must be submitted at least **two business days** before hauling.

Applicant Information

Name of Applicant

Phone

Fax

Email

Project Information

PLEASE ATTACH a sketch showing project location and proposed route.

Purpose

Project Location and Route

Date of Proposed Hauling

Maximum Per Ton Axle Proposed

Driver's Cell Phone
